Timetable correct at time of printing but will be subject to change.

Try Something Different at Dunottar...

Amnesty International

As part of the Amnesty group you will have lots of fun, developing new friendships and confidence along the way. We raise awareness for Amnesty, organise assemblies and write letters to prisoners of conscience and government officials around the world. As part of the group you will also develop great skills and experience for your future career and job or university applications.

Chamber Choir

Chamber Choir is one of Dunottar's most important groups and represents the school at key events. The calendar for musical events is busy and it is important that choir members attend two rehearsals a week and give advance notice if they are unable to attend. Chamber Choir members enjoy learning new songs and this year there are new opportunities to look forward to. We are planning a tour to Europe in February 2019.

Duke of Edinburgh's Award

DofE is all about trying new things, developing skills and having adventures. It's a nationally recognised award that shows you have commitment to learn, personal skills to help others and self-confidence. It's a chance to strengthen friendships and to make memories that will last for years to come.

Dunottar Chamber Ensemble

The Dunottar Chamber Ensemble (DCE) is a very well-known orchestra in the local area. Players' experience ranges from Grade 4 to Grade 8 or higher. As well as learning challenging and exciting music, you will make friends with young people from other local schools. Entrance is by audition and the orchestra rehearses on Friday afternoons from 16.15-18.15 (including a break for delicious cakes!). The ensemble hosts a spectacular concert at Reigate Park Church each year. Past students have gone on to secure top performance courses at music colleges or study Music at university. The DCE gives you the opportunity to become a mature and experienced young musician.

Eco Club

Do your bit to help our school gain Eco School status! The club focuses on promoting an awareness of environmental issues and carrying out projects.

History Club

This is a fun, hands on club, allowing students to learn about historical events that they may not have the opportunity to discuss in their classes. There will be a variety of activities including creative activities, games, quizzes, presentations, films and lots more!

Insanity

Would you like to improve your fitness? Do you want to get more active? Come join this HIIT (High Intensity Interval Training) session, suitable for all years and all teachers.

Lower School Singers

Students in Years 7-8 are invited to join Lower School Singers, which is great fun if you enjoy music and want to sing with a big group. As well as having the chance to perform in concerts at Dunottar, the Lower School Singers will be invited to join the Chamber Choir on a tour to Europe in February 2019.

Lego Robotics Club

Work as part of a team to create a Lego Robot beast to complete challenges against other schools. No prior experience needed.

Pelican E-Magazine

This is a fantastic opportunity for you to create an e-magazine that will be distributed to everyone at Dunottar. If you're a budding editor or journalist, this is the club for you!

Training Orchestra

Anyone who plays an orchestral instrument is encouraged to join Training Orchestra. When you play in a group, you explore new styles of music, improve your sight-reading skills and enjoy the social aspect of music. The orchestra meets every Thursday to prepare for a concert performance at the end of each term. Students of Grades 2-3 standard get the best playing experience in Training Orchestra but if you have only recently started, parts can be re-written for you. Once you can play to around Grade 4 standard, you will be encouraged to audition for the Dunottar Chamber Ensemble.

Weekday Warriors

Running club suitable for improving cardiovascular and sprint endurance in all sports. Some weeks include circuit, plyometric and speed training.
