

LATE COACH INFORMATION

The late coach is an additional service which is free of charge if your child already takes PM, or AM&PM journeys with the school transport service. If you would like your child to use the late coach but they do not use school transport, the cost of the journey is then added to your school fees. Please see prices below.

Pupils need to register to use the late coach at reception either **before registration**, at **morning break** or **lunch** on the day of travel. If they do not come to reception on one of these three opportunities, they will not be able to take a late coach that day. The list is sent over to the coach company at **2.30PM** and cannot be altered after it is sent over. If no students ask to use the service, the coaches are cancelled. Students must report back to reception if they no longer need a place.

The coaches leave school promptly at **5.20 pm**. All afterschool clubs finish at **5.15pm** unless teams are out at a sports fixture.

The late coach runs on **MONDAY, TUESDAY, WEDNESDAY** and **THURSDAY** on the below routes and times.
