

Co-Curricular Timetable Summer 2020

Monday

ART CLUB WITH MRS HORN AND MR KOPIEL

Art club will run at 12.45 every Monday. We will be looking at using materials and media that are readily available to everyone. Each week we will be trying out a new technique and creating our own pieces of artwork. It would be helpful to save any magazines and different papers as well as cereal packets to help us get st'ART'ed. Email b.horn@dunottarschool.com to get involved.

SEWING CLUB WITH MRS MACTAVISH

Do you have access to a sewing machine? Would you like to learn how to use it or improve your sewing skills? If so, why not join me on Monday lunchtimes. We'll get your machines set up, practise some stitches and skills then design and make some personalised cushion covers. Email r.mactavish@dunottarschool.com to get involved.

PRYSM WITH SIXTH FORM

Prysm is a club where we discuss LGBTQ+ topics and doubles up as a support group, note that this club is open to everyone not just LGBTQ+ people. Please email 13Wintle-H@dunottarschool.com to get involved.

DUNOTTAR BOOK CLUB WITH MRS TOMLINSON

Every Monday I will recommend a Book of the Week (via email and on social media). Pupils are welcome to email me their book reviews (either written or video) and I will share them on the school's remote learning resources web page. Pupils, parents and staff are welcome to join in.

Tuesday

SUDOKU & LOGIC PUZZLES CLUB WITH MRS BUDGEN & MRS CHESSELL

This club will run every Tuesday from 12.45 - 1.15, starting from 28th April. We will use TEAMS and will introduce a puzzle at the start of each session, starting with Sudoku. We have lots of puzzles that we can use but if you have any ideas for puzzles you think we could do, please email us and contact L.Chessell@dunottarschool.com to be involved.

LOWER SCHOOL SINGERS WITH MR LOWE

Lower School Singers is aimed at all pupils in Years 7&8. Although we may not be able to sing and dance together, we can still work collaboratively on a musical performance! We will use karaoke tracks to sing music remotely, record music at home and will combine all the singers' recordings into a final track. At home you can take the lead and choreograph movement for the group to learn at the same time... Email T.Lowe@dunottarschool.com to get involved.

Don't forget to try the #DunottarDailyChallenge

Tuesday cont...

SPORTS COMMENTARY

Have you ever fancied yourself as the next Steve Cram, John Motson or Ebony Rainford-Brent? Using some varying iconic sports footage, pupils will be tasked with creating their own commentary for the footage in question. Pupils will use iMovie to create their own commentary. Email S.Manning@dunottarschool.com to get involved.

CROSS-STITCH & EMBROIDERY CLUB WITH MRS BUCHANAN

If you are keen to learn how to cross-stitch, or if you would like to try some new patterns then join us on Tuesdays 1-2pm. You do not need a machine to take part. You will be sent a pattern online, well in advance of the first session, and you can either match the thread colours, or decide on your own. Only a sewing needle, coloured thread and Aida (cross stitch fabric) are required. For any more experienced hand sewers keen to advance their skill, an embroidery session can be offered, which is a little more involved than cross-stitch. A link can be sent to an embroidery kit in advance. Email M.Buchanan@dunottarschool.com to get involved.

Wednesday

ANIMATION CLUB WITH MRS BERRY

Fancy getting creative? Use a stop motion app to make your own animation and share your work with the group. The starting theme will be "An animation to make people smile", with potential for students to suggest new themes and work on animations of particular interest to them. Email S.Berry@dunottarschool.com to get involved.

FIFA CLUB WITH MR EVERETT AND MR MYERS

The PlayStation FIFA20 club will involve students playing together in a Dunottar FC pro clubs team from 4:15pm-5:30pm. Each player will play in a set position and the team will be entered into a league, with the aim of gaining promotion. The club will develop team work skills and will be a good way for students to remain connected. Email M.Everett@dunottarschool.com to get involved.

AMNESTY INTERNATIONAL WITH MRS O'DWYER

Amnesty provide regular updates online about prisoners of conscience who are being detained. They provide details of who can be contacted via email or written letters in order to secure a release. As a group, we will be able to get involved with these campaigns. Email J.ODwyer@dunottarschool.com to get involved.

Thursday

COOKING CLUB WITH MRS FRENCH

Cooking club will run every Thursday. We will meet each week via Teams. I will email out the recipe and a video clip demonstrating how to make the recipe that we will cook the following week. Hopefully this will give you enough time to find the ingredients or ask me about suitable substitutes. Week one (22.4.20) will just be an introduction and we will begin cooking week 2 (29.4.20). Email A.French@dunottarschool.com to get involved.

COMEDY CLUB WITH MR MANNING

Not a self-claimed king of comedy, but a fan of a good one liner. Mr Manning will compère a 20 minute lunchtime slot for people to come and either listen to some jokes and puns, or to get involved themselves. A light-hearted club for all pupils and staff. Email S.Manning@dunottarschool.com to get involved.

MSF MISSING MAPS WITH MR TAYLOR

Missing Maps is an open, collaborative project in which you can help to map areas in the world where humanitarian organisations are trying to meet the needs of vulnerable people. You can collaborate with a group or work independently to complete maps online and potentially save lives. This club is open to pupils from Year 9 upwards; it can also count as your Volunteering for your DofE award. Email G.Taylor@dunottarschool.com to get involved.

Friday

PELICAN MAGAZINE WITH MRS LEWIS & STUDENT PELICAN TEAM

The Pelican Magazine is a student-led Dunottar magazine which publishes articles and reviews on a wide range of subjects. All pupils are welcome to contribute towards the magazine; please register your interest with Pelican@dunottarschool.com by 23rd April. Your involvement will help to develop remote collaborative team working skills—skills that are used by many professionals in their careers when they work from home. Budding journalists would learn how to use new software (Jilster) for uploading their stories.

SPORTS ANALYTICS CLUB

This club is ideal for pupils who like maths, data or sport, or ideally all of the above! After watching a full sporting match on YouTube, different people will be tasked with different measures within the match, for example 'pass success percentage'. We would then use Excel to create our own way of managing the data - ties in maths, computing and sport. Email S.Manning@dunottarschool.com to get involved.

CHAMBER CHOIR WITH MISS PETTET

Although we may not be able to sing together, we can still work collaboratively on a musical performance! We will use backing tracks to sing music remotely, record music at home and will combine all the singers' recordings into a final track. Email E.pettet@dunottarschool.com to get involved.

Join our weekly Sports Pub Quiz every Friday at 7pm @DunottarSport
