

# Dunottar Year 5 Design a Bee/Bug Sanctuary Competition

Designing your own bee house is a fun way of learning about how to entice essential insects into your garden. By creating bee-friendly spaces where we live, we can start to replace and restore some of this lost habitat and help Britain bloom for bees and bugs.

## How to enter:

1. Research existing bee and bug sanctuaries on the internet.
2. Watch the video clips to get ideas on what materials are used.
3. On an A4 piece of paper design (draw) your own bee or bug house.
  - a. What shape will it be?
  - b. How many sections or compartments will it have?
  - c. Will it be freestanding, fixed to a wall, or sit on the ground?
4. Add colour to your design.

Remember this is only a design (drawing) you do not need to make it.

Please send a photo of your design, along with your name, age and school to Mr Kopiel ([j.kopiel@dunottarschool.com](mailto:j.kopiel@dunottarschool.com)) and Mrs Tottman ([r.tottman@dunottarschool.com](mailto:r.tottman@dunottarschool.com)) **by Monday 15<sup>th</sup> March 2021.**

Prizes will be awarded for the best designs.

## Watch some of these video clips for design ideas!

At Dunottar, we have a beekeeping club who help to look after our Dunottar bees and harvest their honey.
